Questions / Things of Note:

(0) Rusty, the new RC, has asked me to post this report covering December. I have problems saying no sometimes. It's going to be sparse and contain mostly prestige notes and some executive summaries. It really feels weird to look back and do one last one of these.

(1) For this last report, 100% of the coordinator side of the region reported. :: Brian dances a jig :: This is the third time that I have ever seen the region ever do this.

(2) As per policy, all former ARC's have been/are/were released. Rusty appears to be maintaining a few of them. Anybody that wants to keep at it, should send in an application yesterday.

(3) (UPDATE: No progress two months in a row - waiting for new national web guy I think.) Jason Denton's web page work - CDBIE or Character Double Blind Information Exchange - is linked directly from the Member's Only section of the web page - making it look like one of the services provided by the national web page. Wow!

I would like to query to see if he is deserving of any national prestige (perhaps a conversion of what I have been awarding him as ARC-Web & Lists.) At ICC, I pointed Jason at Dan S and national web guy.

(4) NCRE5 announced for Wichita Kansas on President's Day weekend (Feb. 11-14 1999). Ida Hunt, one of the CC's in Wichita submitted the bid. This one will run as a charity fundraiser. The hotel is willing to cut the rate back if our monies after cost go to charity.

(5) Based on MO-D01's report, the two chapters that are now in North Central look like they've both gone ahead and joined the domain. That is a tremendously good sign

(6) I have sent a post to cj about getting Rusty as moderator of nc-reports. He may or may not want to also do nc-coord (which I had passed off to John Rolfe.)

(7) Chapter/Domains pending

a) Chapter Blackmoore - Bozeman MT. Received copy of their appl 9/30/99

b) Twilight Masquerade - Wichita KS Chapter. Received copy of their appl 10/15/99

c) Denver domain. Received number of CO-D04. Yeah!

d) Domain in Wichita KS has filed. I still have not received a copy of the application from the DC.

e) Chapter in Pueblo (part of Colorado Springs domain). Crimson Star. I have not seen a copy of their paperwork, and have pointed them to mail it to Rusty.

f) Chapter in Newton Kansas - ARC/Outreach tells me that they will be filing as of the 15th (of last month. Doesn't sound that goal was reached.)

Rusty is taking on two or three positions depending on how things are counted. He is working on training and soliciting people to take over as ARC-Prestige. Right now, NC isn't huge (relative to other regions), so I'm not terribly concerned.

Jason has been semi-active and responsive to updates of content on the website. I've added some duties connected to the lists to his duties. Jason's CBDIE website has garnered national attention and now is a link is on the members-only website, making it look like a national service.

Jason is applying for the national-web-page-person position. I'll definitely give a reference for the work he's done for me.

#### ARC-Solitary Chapters

(vacant)

Basically, this would include the summary from the ARC-Solitary chapters and then details from the solitary reports. Prestige for this position will basically be based on that of a DC, but some regional prestige awarded for items including a regional vision - encouraging growth and local domains, prompt responsiveness and connecting with other coordinators (as most tend to be younger chapters, etc.)

#### Chapter KS001 House of the Dominion of Solitude Topeka KS

Last Contact: 01-15-00 Last Report: 12-30-99

Kelly Langley 9707-036 08/2000 <the\_grymreaper@hotmail.com>

104 Ash, PO Box 3, Eskridge KS 66423, 785-449-2130

- (1) (NO CHANGE. THREE MONTHS) (Follow-up: Outreach ARC's seem unable to get much of a response) A member is claiming is or wanting to be a city developer for Lawrence. I have asked the two Outreach ARC's to get in touch with him and get him going.
- (2) Jeff and Angela Harrington will no longer be barred from attending chapter events in Topeka after 12/31/99. The CC and I have talked and the CC and Jeff have talked to make sure everybody understands what is where. Jeff and Angela Harrington's Solitary Member status also expires after 2/29/2000, at which time they should be rejoining DoS or applying for solitary member status from the RC.
- (3) RC's office notes that efforts towards an official complaint regarding storytelling duties in the chapter have begun. Will be letting the storytelling side of the office handle it.
- (4) (Q).What is the proper procedure for me to get a recommendation on my CST's prestige from the RST?  
(A) The RST's report (at least the prestige recommendations) is posted to the nc-coord list..
- (5) (Q) Does the Code of Conduct extend past Camarilla events? (i.e. when Cam. members interact)  
(A) The Camarilla is a fan club - we are not everything all of the time <g>. The Code of Conduct should be applied to any Camarilla event and also to any situation where the general public would reasonably associate that situation with the club. For example, a game event officially begins at 7pm at a coffeehouse. Two members show up, wearing some costuming at 5pm. The Code of Conduct should be applied.
- (6) (Q) What prestige files/reports does the region (or higher) have for my chapter? My chapter is KS 001, and our name is Dominion of Solitude and it was Forbidden Hunger. I want to know because the chapter doesn't have records before Nov. 98.  
(A) I (Brian Gates) am likely the best source of records. However, nothing is perfect. Early reports are usually quite lacking in prestige information. Future coordinators likely won't have this problem. Be patient but persistent and I'll photocopy what older reports I have (a lot of them exist in hardcopy only.) Please be politely persistent when requesting such - I won't even begin until after

- (0) I have had a report that a minor has been playing, even after I explicitly discussed the situation with the CC and his younger brother. I have passed the information to the new RC and the DoMD.
- (1) At the same time, they appear to be going through their first crisis in early January. I have dumped all of the information that I have to Rusty. Summing up: An IC situation has led to OOC situation. CC stepped down, new CC.
- (2) (UPDATE: No info received) Report looks quite good - noted entry for special other category from Prestige 2000 (that requires RC approval.) Requested info <g>
- (3) (UPDATE: none in two months) I need to follow-up and make sure they have contact with the Idaho chapter in NW.
- (4) Talking about recruiting in Missoula - also Adventure Sales dealer from Salt Lake will be at conventions in Missoula - I passed along contact info.

(1) New chapter forming in Pueblo - they have stated that they sent their paperwork to Salt Lake (but didn't sent a copy to the RC.) I've directed them to mail a copy to Rusty.

(2) Received December report for HoG and November and December reports for KoR. ::breath sigh of relief::

(3) The meeting bug appears to have wandered from Denver to Colorado Springs. HoG last had a chapter meeting in October, the domain last had a coordinators council in September.

(4) (NO UPDATE - STILL WAITING FOR FOLLOW-UP FOUR MONTHS SO FAR).

The coordinators reports that there appears to be either one of two situations in the domain (a) a member who believes themselves to be a vampire or (b) three members who are working to remove a member who's presence they find objectionable for some reason. I have asked them to follow up. .

(5) A new chapter is apparently starting in Pueblo - they are supposed to be filing and mailing me a copy of their chapter application, however, I have not received it yet. I am inclined to hold the application (as they want to be part of the domain) until we can get updated chapter membership lists from CO-005 & CO-006.

(1) Denver is now official as a domain. ::insert cheering sound::

(2) (NO UPDATE, but passing off to Rusty. Catch!) Prestige records may be a significant problem. Faceless Empire is a bit of a mess, and Eclectic Rose has expressed some concerns over prior records. Perhaps in a month or so, it might be time for some assistance with reconstruction and prestige reviews.

(3) There appears to have existed (for a period of time) some kind of falsified website slandering a member of Visions of Prophecy. I have asked my ARC-Arbitrations to assist their CC in resolving and figuring out the situation. I have asked for a copy of what the website/other materials contained to offer an opinion, but have not received such despite multiple requests. The CC is promising a report to regional concerning what he has been able to determine.

(0) I still have not received a copy of the domain paperwork as required. This needs to be taken care of. Reports from the domain look good overall. I'm quite impressed.

(1) I attended their chapter council meeting on 1/15 - and they formally selected their DC and DST. Looks good.

(2) Update on Once in a Blue Moon - It would appear that active members are working on switching to other chapters. They decided to abstain on the chapter council decision for DC and DST. Chapter appears to be disbanding.

(3) Update: Appears that OK-001 has attempted to get a hold of Melea as well without success so far. UPDATE: After talking with SC and one BoD member, the Oklahoma member Melea Hoffman 9904128 needs to switch to Solitary Member in SC region and be tracked with them.

(There is one member in Oklahoma (SC region) on a group membership. I dropped an email to the SC regional to make sure they understand the cross-regional stuff - no feedback.)

(4) Ida Hunt has successfully bid for NCRE5 in Wichita on 02/11-02/13 and the domain is helping out.

(5) There's a few members showing up on multiple reports (one member on three?) but it looks like the CC's are aware and are on it.

(6) First sanctioned sabbat game taking place 1/29 in Wichita.

(1) Marisa Stanley new CC of Silent Voice. Shawn Crawford new CC of Dark Moon. Ryan Hutchison new CST of Dark Moon.

(2) DC reports no contact back from the national web site regarding space on the server (edit page). I've described what I'm aware of concerning the switching of the jobs, which may mean things are slow (I'm waiting on a response to a similiar request myself <g>.)

- (3) (NO UPDATE - FOUR MONTHS) Stephen Fuller has been bouncing between chapters. I have asked Jim Steffens, CC of the chapter where the member should be at the moment to make sure that Stephen doesn't fall between the cracks and get lost.
- (4) Games being held - one chapter hosts all domain games in a month and the chapters rotate through the schedule.
